About the Webinar

The Construction Industry Council (CIC) had reviewed the typical design and the erection of truss-out bamboo scaffolds, and issued the **Guidelines on Safety Enhancement and Notification Arrangement of Truss-out Bamboo Scaffolds** in September 2021, with an aim to recommend good practices for the erection of truss-out bamboo scaffolds and formulate safety guidelines on the critical items requiring additional attention, thereby enhancing the work safety of scaffolders in minor renovation and repair works.

To strengthen the communication with property management practitioners and the related promotions, the CIC will organise a webinar with speakers from the the Labour Department, Occupational Safety and Health Council and the Property Management Services Authority. Participants are expected to have a better understanding on the safety requirements and notification arrangements of truss-out bamboo scaffolding, so as to prevent future accidents.

簡介

建造業議會（議會）在2021年9月發表了「加強懸空式竹棚架安全及通報事宜安排指引」，就懸空式竹棚架常見的設計及搭建工作進行檢視以推薦良好守則，並針對需要加強的安全事項制定指引，提升工友在小型改建及維修工程搭建懸空式竹棚架的作業安全。

為加強與物業管理從業員的溝通和相關宣傳，議會將舉辦一場網上研討會，並邀請了勞工處、職業安全健康局及物業管理業監管局代表進行分享。透過是次研討會，我們冀出席者更加清楚明白有關搭建懸空式竹棚架工作安全的要求及有關通報事宜安排，從而減少意外發生。
