About the Webinar

In September 2021, the Construction Industry Council (CIC) issued the **Guidelines on Safety Enhancement of and Notification Arrangement for Truss-out Bamboo Scaffolds** with an aim to recommend good practices for the erection of truss-out bamboo scaffolds and safety guidelines on the critical items requiring additional attention, thereby enhancing the work safety of scaffolders in minor renovation and repair works.

To strengthen communication and promotion, the CIC will organise an online briefing with speakers from the Labour Department, Occupational Safety and Health Council, The Hong Kong Polytechnic University and relevant stakeholders to introduce the guidelines, administration arrangements and procedures for the notification of erection of truss-out bamboo scaffolds. This online briefing aims to provide participants a better understanding of the design and erection practices of truss-out bamboo scaffolds to prevent future accidents.

簡介

建造業議會（議會）在2021年9月發表了「加強懸空式竹棚架安全及通報事宜安排指引」，旨在推薦良好守則，就懸空式竹棚架常見的設計及搭建工作進行檢視，並針對需要加強的安全事項制定指引，提升小型改建及維修工程搭建懸空式竹棚架的作業安全。

為加強溝通和宣傳，議會將舉辦一場網上簡介會，並邀請勞工處、職業安全健康局、香港理工大學及相關持份者的代表簡介本指引，及有關通報搭建懸空式竹棚架的行政安排及流程。透過是次簡介會，出席者將能更加清楚明白有關設計和搭建竹棚架的要求，減少意外發生。
